Dear FHS Crimson Band Parents,

During our evacuation for Hurricane Katrina many of us realized how difficult it was to find our friends and family who were scattered all across the country. Our students ended up across the United States and some were even as far as New Hampshire.

In case of a mandatory evacuation we would like to know where you could possibly be located. Please provide us with any information to help us find our students in cases of emergency. We would like phone numbers, addresses, hotels and names of cities where you usually evacuate, email addresses, etc...of the places you are most likely to be in times of emergency and evacuation. You can also the message board on the band website at www.fhscrimsonband.com to contact us.

Let's all hope we don't ever need to use this information to find out the welfare of our students...again.
